Don --

Thank you for your reply. Let's plan on Jan. 14 from 9:00 to 10:30 (Mountain time), then. I'll send out a proposed agenda and information on a call-in number as the 14th approaches. In general, this will be a call to discuss EPA's plans to conduct well water sampling in the Pavillion area, and our plans for consultation with the Tribes about this sampling. We will try to answer whatever questions you may have, and are especially interested in any recommendations you and the Tribes' attorneys may have as to consultation. Thanks to all, and happy new year -
